

# Making Booklets

**When you registered your purchase of this CD you obtained limited reprint rights.** This means that you may make as many copies of this booklet provided:

1. You do not sell the booklets for a profit
2. You do not make any changes in the content (the only exception is that you may add your address on the page which starts "WANT FURTHER HELP?"

If you have not registered your purchase of this CD yet, please visit [www.hereslife.com/cdrom](http://www.hereslife.com/cdrom)

**The easiest way to make these booklets** is to take this file to a printer or local photocopy centre and tell them to print, staple and cut. Let them know what colour you want the cover to be.

**To make the booklets on your own** you will need:

- A photocopier which can print two sided, insert the cover and sort.
- A clean paper original (printed on a laser printer)
- A good paper cutter (with a fixed stop and a hold-down to keep the paper from moving)
- A stapler that can reach 10 cm into the page
- White paper
- Coloured paper for the cover (traditionally we use yellow for *The Four Spiritual Laws* and green for *Knowing God Personally*. You may use any colour you think would best help your outreach.

**Other things to consider:**

1. Check the text (if you can). If you spot any mistakes, please let us know. We will then distribute a corrected copy to all registered users.
2. Do you know a graphic artist who can design a better cover? Here is what one group did for an East African project. You must get approval before changing the cover, but keep in mind that the initial impression of the reader is very important. Consider a theme which will build rapport with your audience. If we like your cover we will make it available to all our registered users.
3. The cover has markings for staples and cuts. Fold the cover in half lengthwise to make sure your printer is set correctly.
4. Additional resources on how to use this tract and how to help new Christians can be found at our website: [www.hereslife.com](http://www.hereslife.com).
5. Pray and see what God does through your witness.
